Hiring Team,

Communication Authority of Kenya
Nairobi

Inquiring about IT Industrial Attachment opportunity from May to July

Dear Sir/Madam,

I am writing to express my interest in the Information Technology Industrial attachment position at Communication Authority of Kenya. I am currently pursuing a Bachelor of Science degree in Information Technology at Murang'a University of Technology (3rd year) and have honed my skills as a passionate and dedicated software engineer, ready to contribute to innovative and dynamic teams.

Throughout my academic journey, I have developed strong skills in software development, web technologies, database management, and problem-solving. I have hands-on experience in languages such as Python, JavaScript, C++, and frameworks like Django and React. I am particularly keen on creating efficient, user-friendly solutions and have worked on several projects ranging from web applications to AI integrations.

In addition to my technical expertise, I am a fast learner, a collaborative team player, and possess excellent communication skills. I am highly motivated to continuously improve and stay updated with the latest technological advancements.

I am confident that my academic background, combined with my software engineering skills and dedication, make me a strong fit for your organization. I would welcome the opportunity to discuss how I can add value to your team.

Thank you for considering my application. I look forward to the possibility of contributing to Communication Authority of Kenya and would be happy to provide any additional information.

Sincerely,

Stephen Ongera Ongabi
